

Dr. Ken's Recommended Process for Hosting Highschool Events

Summary:

Dr. Ken Falterman hosted a successful Highschool Party at our Schilling Shack Event Center on Friday, February 14th, 2020. Below is Dr. Ken's highly recommended recipe for having a fun, safe, and orderly party for any parents wanting to host a Highschool Event but are unsure and/or concerned of how to go about preparing for one.

Step 1: Security

Dr. Ken began by hiring a security guard by the name of Harry Duhon. Harry was asked by Dr. Ken to bring a second security guard, just to make sure that the front and back doors are secure. Dr. Ken stated how Harry and his second security guard were very professional the whole night and would highly recommend any parents to hire Harry for any parties they would be hosting of their own.

Contact Harry Duhon at (337)-319-1400 \$250

Harry cost \$250 and his sidekick cost another \$200.

Step 2: The Process

- Dr. Ken and his other chaperones created a computer-printed alphabetical listing of everybody on the guest list along with wristbands that each said "Olivia's 18th Birthday Party" on them, which were then all given to Harry. Harry eyeballed each person at the front door, checked their name off the list and put their armband on, all before letting them go inside.
- At the end of the party, people left through the side door, as the front door was locked all night for noise ordinance purposes and control. If someone was leaving to go home, Harry would cut their armband off. If someone was just stepping outside for a few minutes, Harry would ensure that the person would not go any further than Harry's sight.

Dr. Ken stated that everybody at this event had such a great time and how everything was done in an orderly and safe manner. Since the front doors were closed all night, no cops were called for any noise disturbances. Dr. Ken could not boast enough on how smoothly the event went and how he would love to host it all over again.

If any parents have any questions or would like to know more information regarding Dr. Ken's experience on hosting an Highschool Event, please don't hesitate to call him at (337)-654-2664.
